

Sports Leaders Forum 2017-18 on “Supportive Sports Atmosphere in HKUST” during Fall Semester

Sports Leaders Forum 2017-18 was conducted smoothly on 20 September 2017 at LG4204. The forum gathered 46 sports leaders from 28 sports and 7 SAO sports advisors. It's our honour to have Professor Robert WESSLING, Dean of Students to share his views and caring to HKUST sports leaders.

Apart from reporting the year plans, sports leaders exchanged their ideas on club recruitment and team selection exercises. By getting familiar with each team and respective sports leaders, clubs could share experience and seek help among themselves when difficulties arise. Suggestions for the development and promotion of some new sports in HKUST were received. Both sports advisors and sports leaders engaged the conversation and found it useful during the forum.

Professor Robert WESSLING recognizes sports leaders as role models and encourages them to balance school life and sports.

HKUST Dragon Boat team is selected to represent Hong Kong participating in the World's Famous Universities Dragon Boat Competition. They show their thankfulness for travelling subsidies from SAO. On the other hand, the team shares their strict selection procedure, including fitness and attitude test.

Dodgeball Club, a newly established sports club, is excited about announcing their upcoming events.
